

**Producers Guild of America (PGA)  
And  
The Film & Television Producers Guild of India Ltd.**

**Memorandum of Understanding**

Whereas, the Film & Television Producers Guild of India (FTPGI) and the Producers Guild of America (“PGA”) have held discussions concerning the mutual cooperation between the two Guilds and,

Whereas, the two guilds desire to create a relationship that will allow a sharing of information and an exchange of ideas in the area of film and television production.

1. Mutual cooperation...The FTPGI and the PGA have agreed to facilitate cooperation and the exchange of information between members of each Guild and between the governing bodies of both Guilds.
2. Membership Access...Both Guilds will make available membership information to allow direct contact between members, subject to protection of each member’s right for privacy and their option to be removed from such lists.
3. Visiting Delegations...Both Guilds will begin discussions that would allow Official delegations from each Guild to visit the other Guild’s country in order to conduct meetings, seminars and/or other instructive opportunities for members participating in the delegation.
4. Visitor Assistance...All courtesies and help will be extended by both Guilds to visiting members. The Guilds may make some office space available, on a temporary basis, to the visiting members while conducting Guild business.
5. mentoring Program...The Guilds will work towards establishing a mentoring program, which will allow members to intern with members of the other Guild.
6. Screenings...The PGA will work to establish screenings of films from Indian member producers in order to better acquaint the US film community with Indian productions.

While this agreement represents the first step towards a working relationship between the two Guilds we hope that this will into be the last. Our membership and the Board of Directors are committed to an open dialogue and exchange of information which will lead to a stronger role for the producer in the worldwide industry.
